

# CENTRAL DISTRICT NEWS 1

## WHAT IS THE DISTRICT NEWSHEET?

On this first occasion it is to introduce you to the names of the new Officers and Advocates in the Central District. You may not know them all but hopefully through the District News as well as other ways, you will begin to get to know those who were less well known to you.

In the future, it is hoped that this page, will contain news of what is happening in the District and will focus on the various individual churches so that we all know what is happening — So don't forget to share any exciting things happening at your Church with your Communications Advocate so it can be shared around the District.

### DISTRICT OFFICERS

## MISSION ADVOCATES

The Mission Advocates listed below are the people who will hopefully keep us up to date, enthuse us about what is going on and occasionally arrange an event to which we will all be invited.

If your Church needs information about any of these areas check out who your Mission Advocate is and then contact him or her to see if they can help.

They may be able to help kick start new initiatives in your local church. This is a good time for new beginnings!
